Understanding The Science Of Shopping - NPR

"Decoded: The Science Behind Why We Buy "Consumers are willing to pay 2-3 pounds for Starbucks coffee, although they know that for the money spent on two beakers, they could buy a whole pot in a supermarket. So, apparently, they are buying something else but coffee.

Decoded: The Science Behind Why We Buy by Phil Barden

"The science of shopping is a hybrid discipline," he concludes, "part physical science, part social science, and only part science at all, for it is also partly an art. But it is always a practical field, concerned with providing information that can improve the retailer's edge and cut the odds of making a wrong decision."

Review: Why We Buy - The Science of Shopping | Practical ...

Why We Buy. gets down to the basics of how retailers and consumers interact. Each chapter takes the reader through a series of important tactics to remember when being involved in the business world. The science of shopping is introduced and opens the eyes of all consumers and places them on the edge of their seats.
