Making Made

Wine can be made with
any type of fruit, though
grapes and berries are
the most popular
choices. Choose fruit at
the peak of its flavor.

Online Library

Wine Making

It's best to choose organic fruit that hasn't been treated with chemicals, since you don't want these to end up in your wine. If possible, use fruit you've picked yourself or buy some from a farmer's market.

wikiHow

The two most important aspects of making wine are Cleanliness and

Temperature. Firstly

remember everything that comes into contact with the wine should be

cleaned and sterilised

(see below). Secondly

maintain a constant

temperature between

21-26°C (69-79°F). It is

much better to be on the
