Worker centers: Organizing communities at the edge of the ...

Worker centers are non-profit community-based mediating organizations that organize and provide support to communities of low wage workers who are not already members of a collective bargaining organization (such as a trade union) or have been legally excluded from coverage by U.S. labor laws. Many worker centers in the United States focus on immigrant and low-wage workers in sectors such as restaurant, construction, day labor and agriculture.

Nearly 40 workers, worker advocates and people of faith joined IWJ's national trainers for a week long organizing and capacity building training last month. After attendees were introduced to the history of IWJ's national office, throughout the week trainees were guided through several training workshops that highlight the basic principles of our struggle for worker justice.
