"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she

wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

CD-ROM contains full text for all the procedures available in the manual. Files are provided both as fully formatted Word 6.0 (.doc) documents and as text-only documents (.txt).

Zero-Resistance Selling is your guide to literally "reprogramming" your own self-image to help you attain your loftiest selling and career goals. You'll find step-by-step strategies to harness the power of your imagination to wipe away resistance to your sales presentations ... become an irresistible "master closer" ... conquer self-defeating habits ... and use stress to your advantage.

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new

techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to

connect these considerations with the gospel so that we may stand firm in our faith.

Goose has gone on holiday and Duck is looking after her pond. But Duck is a bit too enthusiastic... "No splashing! No fishing! No racing!" he quacks. Soon Duck becomes very bossy and puts up signs everywhere! Diving is forbidden! (Because Duck says so)No swimming! (By order of Duck in charge of the pond!)But all his friends start leaving... will bossy Duck learn his lesson before it's too late? A fun-filled tale about what happens when someone gets a little too self-important!

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations.
